A rolling snowball will gather some snowflakes as time goes on and winter's brightness increases our perspective (showing us the light of knowledge.) There are no two people in a class who are the same, just as there are no two snowflakes alike. But when you put them all together the snowball is solid. For twelve years our class has been rolling along gathering snowflakes, developing new interests, learning new skills, and just being . . .

SHERMAN, NEW YORK 14781

January 1, 1971

Dear Mr. Patterson and Mr. Wasylink,

We, the Class of '71, would like to thank you for your guidance in our scholastic and social development during these past four years. When we lacked enthusiasm, you inspired us as a class to work to reach our goal. No matter what function we were engaged in, you helped make it a success. Always remember the sliding parties, International dinners, bake sales, car washes, dances, Christmas sales, and of course the super prom. These activities required a lot of hard work, patience, and planning on your part, and we hope you feel it was worth it. Our class couldn't have done it without you. Through your influence we learned to work together as a class and cooperate as individuals (sometimes). Mr. Patterson, you have taught us how to have fun while still getting the job done. Through your past experience, Mr. Wasylink, you were able to give us valuable advice as well as a sense of responsibility

As an expression of our [illegible] for your four years of dedication to us, we dedicate this yearbook to you.

[illegible]tefully" yours,
Class of "71

P.S.
May all of your future classes be just like us.

Mr. John Patterson and
Mr. Frank Wasylink

Freshmen

Being a Freshman creates a new and exciting experience for each individual. Here, teamwork brings each class member together, thus, forming a bond between us. In early October, our first project was a bake sale, which turned out very well. On December 4, 1970, we had the pleasure of sponsoring the first basketball dance of the season. Our class as a whole, has many plans for the future.

Our ambition is to become successful in our education.

Our motto is, "Education makes a people easy to lead, but difficult to drive, easy to govern, but impossible to enslave."

Eighth Grade

The eighth grade is "Super" because eighth graders are the upper-classmen of the Junior High, without having the responsibilities of High School. We're at an age where we get along well together, doing anything from planning class projects to playing kickball. We're all looking forward to the promotion exercises at the end of this school year. It means that we are through the lower grades and ready for the challenge of High school.

Seventh Grade

It was hard to adjust to the bells when we entered Junior High. We couldn't have done without our schedules; we never let them out of our sight. Getting used to changing classes from room to room and remembering our books were additional challenges. We have more responsibility than we ever had in the elementary grades. However, we are enjoying every moment.

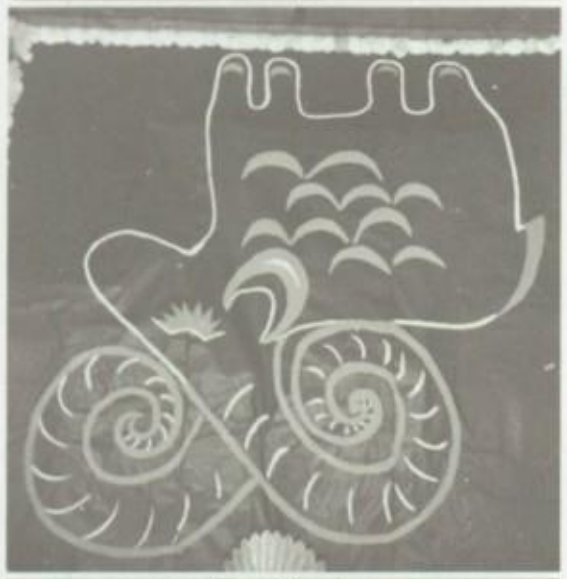
Activities

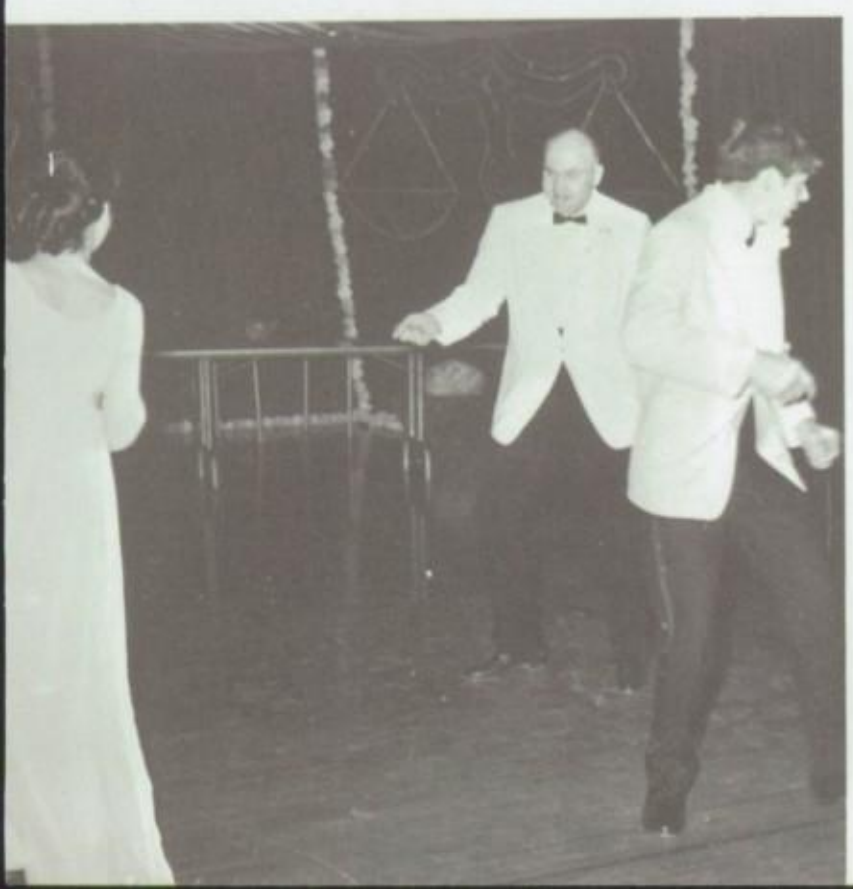


The Age of Aquarius

The Junior-Senior Prom turned out to be a huge success owing to the time and imagination of the industrious juniors and their hard-working advisors. The plans were carefully laid in order to prevent a last minute rush. Well, the plans didn't work out at all; the last few days before the big night were complete and utter chaos, but somehow, miraculously every thing did get done! Mr. Wasylink surprised everyone and rose to occasion. There were lots of other surprises too, but the best one was how exceptionally beautiful everything looked. Out of the rubble and kleenex and crepe paper and masking tape a Prom was born . . .

First, they watched us dance and then we watched them dance and everyone had lots of fun. The Conquistadors of Westfield provided all kinds of music. It was a night to remember!

While everybody watched, Mr. Wiggers tried to bridge the generation gap. Cameras clicked and shoes wore out as the even progressed.



Belle of Bagdad

The Belle of Bagdad was a huge success. The high school pitched in wholeheartedly to produce a funny musical with lively music, exotic costumes and whimsical scenery. We can thank the Art department for the imagination and the Homemaking department for the labor on the clever and economical costumes. Castaway evening dresses became flowing gowns, band uniforms became stiff military dress and an old hat . . a noble caliph's turban. The marvelous scenery was the result of an inspiration. A picture of an actual Turkish city was blown up on the backdrop and painted with sunny pastel colors. The organ and piano provided the accompaniment for the voices of the cast. All in all it was a memorable experience for everyone, faculty, students, and audience. How can we forget how Henrietta stole the show or how the whirling dervish whirled out from under his wig? What about the time the tall soldier got the short little gun or when the shining sword of Damocles got stuck. Then there's always the dancer whose knees cracked and the golden pendant that became tangled.

"It broke me up when he threw me down. Grief overwhelmed me when he skipped the town."

Nancy B. humbles herself before a "divine" Senior!

Hup-2-3-4! The last of the palace guards!

Will he "hit it"?

Making points with the Caliph.

Pity the poor guys on the bottom!

Patty and her "love"–Jeff.

Judy and her "little bird."

Ushers' Club

The Ushers Club was founded in 1966 by Mr. Carlyle Neckers for the purpose of ushering at concerts and other school programs. These people add to the atmosphere of an event. They assist the audience and pass out programs.

National Honor Society

The Sherman Central School Chapter of the National Honor Society is composed of the outstanding students in the Junior and Senior classes. A candidate for membership is judged on a series of National standards which include leadership, character, service, and schloarship. Also, a student must reamin in the top 15% of his class for three semesters. Membership in the National Honor Society has become recognized as one of the highest honors that can be given to a high school student.

The Student Council is an organization designed toguide the student body. It tries to help the students by providing various activities, as well as negotiating with the administration.

This year's Student Council has been successful in sponsoring the first "Wildcat Week." We were unsure of the results but everyone did their jobs well and we hope that this will stand as an annual event.

Our adviser and the members of the Council have been open minded, very imaginative, and willing to help the students make this school year one of the best ever.

"It's Academic"

WBEN TV

Sherman Central's "It's Academic" team had a really great year on WBEN TV in Buffalo. Captain Judy Bennett, Becky Melzer and Daryl Brautigam appeared three times on the popular show. They displayed excellent knowledge of their subject material and quick recall. The backup team of Ann Stroebel, Roger Harmelink, and Nancy Burlingame did a wonderful job of cheering them on.

We are very proud of our exceptionally fine team, and have even higher hopes for the future!

Mr. Arden Downey, Our Coach and the Trophy.

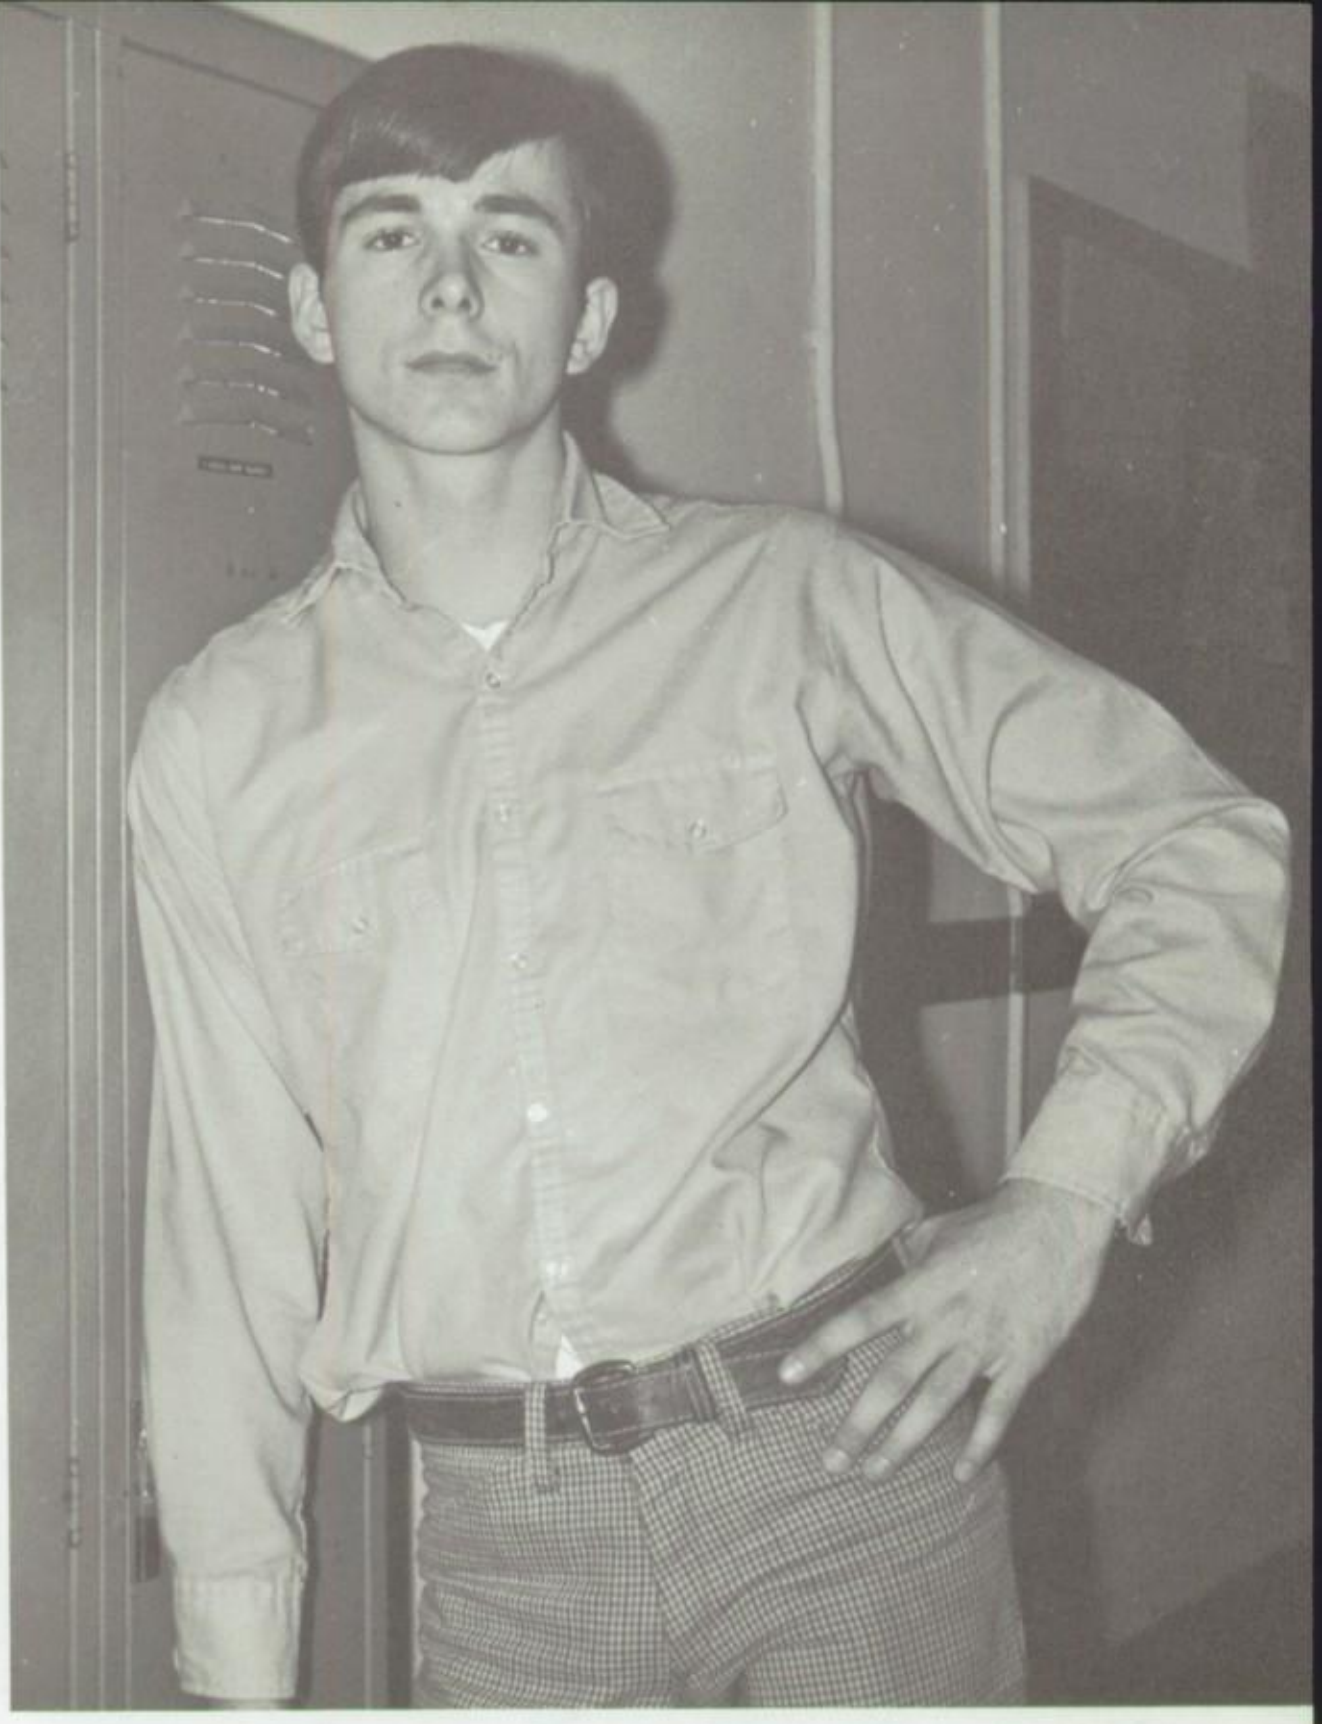
Boy's State



Boys' State was one of the most educational and enjoyable experiences I have had. I had the privilege of hearing many important Government politicians and learned about Municipal, State and Federal Government functions.

I'll never forget the friends I made there and the fun I had. I hope that in the future, boys will take advantageof this great opportunity.

Thank you.

Future Farmers of America

The F.F.A. was organized to provide a basic education for America's future farmers. Modern methods of agriculture are experimented with and discussed at our meetings. This gives us meetings that are both fun and informative.

Library Club

The Library Club is a work organization set up for the purpose of helping Mr. Wasylink and he does need help! The members of this club give up their study halls in order to work in the library. They learn the "ins and outs" of running a library. Although Mr. Wasylink is a tough task-master, everyone has lots of fun while getting the work done.

Latin Club

The Latin Club is learning about life with the Romans and in particular about the life of Julius Caeser and his writings. A Roman-style banquet and caroling with the French class were two of our favorite activities.

We are also trying to prove that Latin is not a dead language. Despite frequent interruptions from Mr. Wiggers, we all have fun and are making great progress!

My life in U.S. as an A.F.S.er is so great and valuable! Friendliness and warmness that I've never expected before overflow that made me so happy. I hope, understanding between the Thais and American, eventhough a small group in Sherman, will bring understanding between countries, U.S. and Thailand for a long, long time, as long as possible.

Valuable life, even only one year, but it has affected to me in many ways. Thank you A.F.S.

And thank you everybody in Sherman and S.C.S. especially my family who made me feel Sherman is my second home.

Shermanite '71

Yearbook Staff

The 1971 Shermanite, our ultimate yearbook is the product of much hard work and an abundance of imagination. Amid the hardships of a busy curriculum our "leaders," Mrs. Werren and Mrs. Hyde have toiled endlessly in the cause of a great yearbook. Despite many major quarrels and minor mishaps the whole thing came along pretty good, until we lost the Library Club (picture, that is). Then we found an extra page of ads lying around in the cloakroom! Undoubtedly the grades of the Seniors on the Yearbook Staff suffered somewhat, but we think it was well worth it as "our" Shermanite is the best ever.

Sportsmanship Award 1969-70

At the end of the 1969-70 Basketball Season, the Sherman squad was presented the coveted Norm Becker trophy for sportsmanship. The school is selected by the Chautauqua County Basketball Officials Association who judge the players of schools in the county throughout the season.

The credit is due to many individuals for receiving this award: The student body, cheerleaders, parents, administration, local fans; but most of all, our fine club of young mature men—the squad of 1969-70.

Miss B. Seymour, Mr. D. Neal, Dennis Jones, Ernest Newhouse, Mr. F. Wasylink, Mr. Roger MacTavish, President of the Referees Association, Mr. Jack Fulford, Secretary of the Association, Mr. H. Brosius and Mr. J. Butler.

Wildcat Week

October 19th through the 23rd was Sherman's first Wildcat Week, sponsored by our Student Council. Similar to a homecoming–the purpose of the week was to encourage lots of school spirit and to get everyone to root for our team. The week consisted of a School Color Day, Bonfire–Pep Rally, a Day of Mourning for Ripley, the Election of a King, Queen and their Court, and of course, the Game, Victory over Ripley. Following the game, the Juniors had one of the best dances we have even had! This made a perfect ending to an exciting week.

One of the highlights of the week was the Pep Rally and Bonfire held on Thursday night.

With the basketball season half over and the Wildcats in second place, having lost only one league game—the team is well on its way to a great season. This has been accomplished by the superb coaching of Frank Wasylink, who had led our team to two league championships and a play-off spot every year of the 8 years that he has been at Sherman Central School.
